**OFSTED!**

As you know on the 24<sup>th</sup> and 25<sup>th</sup> of October, OFSTED came to inspect your behaviour and learning. To find out more I went to interview Miss Robinson and asked her a variety of questions:

Firstly, I asked her how she felt when she got the call from OFSTED...

"I was quiet excited but obviously a bit nervous."

I also spoke about the changes she came across...

"There weren't any changes but I looked AT the teacher's plans and there was nothing to be changed."

I questioned her about how she thought the teachers felt being inspected closely by OFSTED...

"I think a lot of them were nervously understandably."

Penultimately, I asked her how we could improve as a school...

"We need to make sure that EVERYBODY is challenged enough."

Lastly, I questioned her if she enjoyed the experience...

"It was a good experience to see how everyone pulled together as a team."

In my opinion, I think team Earlham did a great job with the sudden notice of OFSTED coming. We need to get that one percent to add to ninety percent we have already got.

There's room for improvement but overall I have one thing to say, "Go team Earlham!!!"

## **BOOK OF THE MONTH- DEMON**

### **DENTIST.**

*Demon Dentist is written by David Walliams. It is an emotionally mixed story which has a lot of made up words! When children put their teeth under their pillows, they surprisingly find dead cockroaches; a bats wing flapping or a pigs boiling eyeball bouncing up and down. This book is about a 12 year old boy called Alfie. He has terrible teeth, halfdirty, half gone. Alfie doesn't like going to the dentist. Out of nowhere, however a new extremely white coated dentist comes to town; Alfie and Gabz discover a secret she has. Is she who she says? Read the book to find out what happens.*

*This revolting story was rated 4 and a half Earlham's out of 5. Khadijah added, "I really like this book because it made me roar with laughter. It was a great read." **Amazing Article by Zainab Ali!***

## **Play time with Phase 3.**

**As you know on the 13<sup>th</sup> November 2013 phase 3 went on an amazing theatre trip to watch a play about Henry V. I asked a variety of children and adults about what they thought about this extraordinary trip. I asked Miss Rigby what she thought the children learnt..."I think the children learnt a lot about the theatre because some of them have never been to the theatre before! We learnt lots about Henry V through the play." I also spoke to her about her thoughts and if she enjoyed the trip...**

**"I enjoyed it a lot because it was better than I thought it would be. It was quiet funny which I wasn't expecting because I thought it was going to be serious."**

**A pupil from 3H told me that...**

**"I saw the amazing sets that blew my mind away."**

**In the end the trip was very successful as the comments from the pupils and teachers show. In my opinion, I think the whole school should've gone on the trip because it was so amazing. Article by, Iman Shaikh**
